We have audited the accompanying balance sheets of America Online, Inc. as of June 30, 1994 and 1993, and the related statements of income, changes in stockholders' equity (deficiency) and cash flows for each of the three years in the period ended June 30, 1994. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with generally accepted auditing standards.
